Project: Conditional Use Permit/Design Review 09-001
Location: 1232 Arrowhead Avenue

Dear Dr. Sudanagunta:

The Planning Division has completed a preliminary review of the application referenced above. On the basis of this review, we have determined that the required application materials have been submitted and it is being deemed complete. However, as you may be aware there has been a growing public opposition to this project. To date we have received fifteen letters from residents expressing concern and/or opposition to the project. The City has offered to host a meeting with the concerned neighbors and Temple representatives in the hopes of alleviating some concerns and pave the way for smooth public hearing process. We are aiming to set up a neighborhood meeting within the next two weeks.

You will be notified in future correspondence of the tentative date that your application will be scheduled for review by the Planning Commission. If you have any questions, do not hesitate to call me at (925) 960-4450. Please refer to the application number referenced above when asking any questions or seeking additional information.

Sincerely,

Christine Rodrigues, AICP
Project Planner
